Appleton, WI 54911-8703

Dear Mr. Allen:

This letter is in response to your communication of November 11, 2015, wherein the Northeast Wisconsin Building Trades Council requested that the NMAPC grant authorization to return the currently approved floating holiday of Friday after Thanksgiving to Presidents Day (Federal).

Pursuant to Article XI, paragraph 3 of the National Maintenance Agreements, you are hereby granted authorization to celebrate Presidents Day (Federal) commencing in the 2016 calendar year, for all work performed under the National Maintenance Agreements and that are within the geographical jurisdiction of the Northeast Wisconsin Building Trades Council.

Please be advised that the application of Presidents Day (Federal) as the holiday will remain in effect for future calendar years unless this office is otherwise notified in a timely fashion by your Building Trades Council. Be further advised that as a result of this action, Friday after Thanksgiving Day, which had previously been considered as a floating holiday, will now be considered as a regular work day for all work performed under the National Maintenance Agreements within your geographical jurisdiction.

**It is strongly recommended that, in order to avoid any confusion and due to the timing of this request, you contact the affected owners and contractors currently performing work in your Council's jurisdiction of your Council's intention relative to this change in the floating holiday.**

Please contact this office if you have any questions.

Very truly yours,

A handwritten signature in black ink that reads 'Stephen R. Lindauer'.
